Four Decades of Performance

Since 1975, OmegaFlex® has led the piping industry with its high-quality construction and commitment to exceed the industry's product and safety standards.

• With over 200 patents and counting, the Company's philosophy is not to wait for mandates, but to lead the industry by introducing the best products.

• In 1999, OmegaFlex was the first CSST manufacturer to mandate the bonding of its yellow-jacketed TracPipe® in its installation guide.

• In 2004, the Company developed CounterStrike®, which contains all of the innovative features of TracPipe® plus a built-in solution to lightning damage that eliminates the need for additional bonding.

• In 2011, OmegaFlex became the only CSST manufacturer to transition from its highly successful yellow CSST product "TracPipe®" and now only sells its innovative black-jacket product "CounterStrike®" throughout the US market.

• In 2012, OmegaFlex is a sponsor of NSF-UC San Diego's earthquake testing program. The flexibility of CounterStrike® withstood the worst seismic activity simulated without any failures, leaks or damage. Meanwhile black iron pipe, which was installed next to CounterStrike®, fractured in the same test.

• In 2014, OmegaFlex introduced the AutoSnap® fitting for CounterStrike® that is so easy to use you can even keep your gloves on, just twist, snap, tighten and you're done!

CounterStrike® is also :

• Listed by both CSA and ICC Evaluation-Services-PMG 1058 and evaluated by the International Association of Plumbing and Mechanical Officials (IAPMO) ER 0227 for lightning resistance without additional bonding (unless required by local codes).

• Compliant with fuel gas codes in all 50 states.

• Compliant with all model codes, including all the National Fuel Gas Code (NFPA), International Fuel Gas Code and International Residential Code (ICC), and the Uniform Plumbing Code (IAPMO).

• Listed to the national consensus standard for CSST (ANSI LC 1-2016) including all requirements for arc-resistant conductive jackets.

• Underwriters Laboratories (UL) listed for 1, 2 and 4 hour through penetration fire stop systems without removal of the conductive jacket.

The Lightning Problem is Solved!

After ten years, over 125 million feet have been installed in homes across America, making CounterStrike® CSST the *only* field-proven product in its class!

- CounterStrike® has been shown to be up to 400 times more resistant to the damaging effects of electrical arcing energy than yellow CSST.

- Uses the NEW AutoSnap® fittings that do not require disassembly/reassembly!

- The most complete range of CSST sizes (3/8"- 2") available.

- There are no additional bonding requirements for CounterStrike® imposed by the manufacturer's installation instructions.

- Lays straighter and pulls easier, dramatically decreasing installation times (and saving you time and money in the process).

- Unlike competitive brands, CounterStrike® is non-annealed making it more crush resistant, and easier to cut.
- Superior lightning protection compared to bonded yellow CSST!

CounterStrike® Flexible Gas Tubing

Corrugated Stainless Steel 300 Series with Black Conductive Jacket

Plywood Reels for Packaging

CounterStrike 2"	**FGP-CS-200-150**	2"	150 ft/reel	137

Note: Other lengths available. Consult factory for price and lead time.

Lightning Fast Connections from OmegaFlex®

The new patent pending **AutoSnap®** fittings are the only CSST fittings that do not require any disassembly or reassembly of the fitting to the CounterStrike® CSST.

This greatly reduces installation difficulty and time as there are no small loose gaskets, O-rings, or retainer rings to contend with in a dark and/or cold work place environment!

AutoSnap is CSA listed and features a metal to metal cup seal without any exposed stainless steel pipe behind the new fitting.

Reduced torque value and reusability all make for an optimum installer friendly fitting!

TracPipe® CounterStrike®
Flexible Gas Piping by OmegaFlex®
PATENTED

OMEGA FLEX, INC. LIMITED WARRANTY

TRACPIPE®COUNTERSTRIKE® FLEXIBLE GAS PIPING SYSTEM

Omega Flex, Inc. (The "Manufacturer") warrants to the original owner at the original installation site that the TracPipe®CounterStrike® flexible gas piping system (the "Product") will be free from defects in material or workmanship for one year from the date of installation. If upon examination by the Manufacturer the Product is shown to have a defect in material or workmanship during the warranty period, the Manufacturer will repair or replace, at its option, that part of the Product which is shown to be defective.

THIS LIMITED WARRANTY DOES NOT APPLY:

(a) if the Product has been subjected to misuse or neglect, has been accidentally or intentionally damaged, has not been installed, maintained or operated in accordance with the *TracPipe®CounterStrike® Design and Installation Guide,* or has been altered or modified in any way.

(b) to any expenses, including labor or material, incurred during investigation, removal or reinstallation of the defective Product or parts thereof.

(c) to any damage or impairment of the Product caused by any casualty, including without limitation fire, wind, floods, or acts of God.

(e) to any workmanship of the installer of the Product.

THIS LIMITED WARRANTY IS CONDITIONAL UPON:

(a) shipment, to the Manufacturer, of that part of the Product thought to be defective. Goods can only be returned with prior written approval from the Manufacturer. All returns must be freight prepaid.

(b) determination, in the reasonable opinion of the Manufacturer, that there exists a defect in material or workmanship.

Repair or replacement of any part under this Limited Warranty shall not extend the duration of the warranty with respect to such repaired or replaced part beyond the stated warranty period.

THIS LIMITED WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, EITHER EXPRESS OR IMPLIED, AND ALL SUCH OTHER WARRANTIES, INCLUDING WITHOUT LIMITATION IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, ARE HEREBY DISCLAIMED AND EXCLUDED FROM THIS LIMITED WARRANTY.
IN NO EVENT SHALL THE MANUFACTURER BE LIABLE IN ANY WAY FOR ANY CONSEQUENTIAL, SPECIAL, OR INCIDENTAL DAMAGES OF ANY NATURE WHATSOEVER, OR FOR ANY AMOUNTS IN EXCESS OF THE SELLING PRICE OF THE PRODUCT OR ANY PARTS THEREOF FOUND TO BE DEFECTIVE. THIS LIMITED WARRANTY GIVES THE ORIGINAL OWNER OF THE PRODUCT SPECIFIC LEGAL RIGHTS. YOU MAY ALSO HAVE OTHER RIGHTS WHICH MAY VARY BY EACH JURISDICTION.
